Sales - Hire - Service

Having your site or processing plant dust and spillage free is vital for both staff safety and fire prevention.

Our Vacuum HIRE options are perfect for shutdown cleaning, existing systems refurbishment periods, or to trial the systems economical and environmental benefits, as a step towards your PURCHASE decision.

We supply a range of indoor and outdoor flexible systems, dealing with fine powders to wet cement and coarse aggregates, including ATEX certified Zone 22 approved units. All Industrial Hire Vacuum are easily portable with forklift.

Units can be supplied for purchase, short or long term hire, contract hire or lease.

FULLY PORTABLE HEAVY DUTY HIGH PERFORMANCE VACUUM SYSTEMS
